

OneMBA

Curriculum class of 2013

The only MBA program which is globally relevant and regionally sensitive

The OneMBA *curriculum* offered by FGV-EAESP consists of 5 Globally Coordinated Courses, 4 Global Residencies, 9 Regional courses and 4 workshops. This combination of courses with global and local approaches provides executives with multiple and specific knowledge of business.

The 5 Globally Coordinated Courses are the OneMBA core courses, which are jointly designed by key faculty members from the partner schools. For each course, executives from the 4 regions work together in global teams to develop plans for executing global strategies. Each team represent the class' diversity which provides great opportunities of exchanging experiences.

Each partner university offers Regional Courses according to local demands. The Regional Courses offered by FGV-EAESP explore local specifics when facing global business, providing executives with managerial skills which accelerate career success.
